

REUNION METROPOLITAN DISTRICT
17910 EAST PARKSIDE DRIVE NORTH
COMMERCE CITY, CO 80022
(303) 288-5431

5/15/2020

Dear Reunion Residents,

The Reunion Metropolitan District shares your interest in re-opening the District's public facilities in a safe and timely manner. To ensure the health and safety of District staff and residents, we will be following the guidelines and recommendations established by the State of Colorado and the Tri-County Health Department. Guidelines are fluid and the team is making its best efforts to be responsive as new information is released. We ask for your continued patience.

We have received many questions from residents and have prepared these FAQ's in response. As always, please reach out to any of the staff if you need additional information. Staff contact info is on the website: <https://reunionco.com/district-information>

1. When will the Reunion Recreation Center re-open and under what conditions?

We are monitoring the national and state directives on recreation centers and facilities. We continue to follow guidelines set forth by the State of Colorado and the Tri-County Health Department. The District is maintaining compliance with orders and will re-open our facilities accordingly. Changes will likely include capacity restrictions, social distance requirements, reduced/different hours of operation and face masks. Please check the website for the most current information.

2. When will the Reunion Recreation Center Pool and Southlawn Pool open?

Similar to the Recreation Center, we continue to monitor directives set forth by state and local agencies, and, as of this writing, do not yet have an opening date, or certainty as to whether pools can safely open this year. If pools do open, there will likely be restrictions to ensure the safety of staff and residents. We hope to have more information soon regarding the opening of the pools. Please visit the website for updated information.

3. Will Reunion's community events still occur or will they be postponed or canceled as a result of COVID-19?

As guidelines become clearer from public health officials, community events will likely require some modifications to meet public health and safety requirements. An updated event schedule will be released in the coming weeks.

4. When will recreational classes and leagues start again and under what conditions?

Once the Recreation Center is able to re-open, we will look to implement programs safely, while following state and local directives. This will likely include social distancing measures and face masks. In the meantime, please visit the Reunion Facebook page where our instructors offer Facebook Live and other online classes. These include classes and programs for people of all ages.

5. Why can't the public use playgrounds if proper social distancing is followed? Do I need to wear a mask when I walk around the lakes/parks?

Playgrounds are closed per the Colorado Department of Public Health & Environment (CDPHE)– Public Health Order 20-24 extended by the Public Health Order 20-28. Residents should continue to review those recommendations of the CDPHE for proper direction on social distancing and the use of personal protective equipment.

6. Can we have food trucks in the Reunion Recreation Center or pool parking lots?

Per Public Health Order 20-28, gatherings of more than ten people are prohibited. The congregation of food trucks, and the potential number of people attending, would likely violate this Order.

7. What should I do if I see more than ten people congregation in a Reunion park or playground?

Residents can utilize parks, trails and open space throughout the community. Playgrounds need to remain closed. Social distancing recommendations need to be followed. Groups must be limited to no more than ten people. Additional information can be found at the Tri-County Health Department website – www.tchd.org.

8. What should I do if I see an Irrigation emergency in the Reunion community?

Please communicate all irrigation issues. You can call the Irrigation Emergency Line at 720-557-0144 or email the Parks and Irrigation Manager at rmartinez@reunionmetro.org.

9. Do I still need to pay my Recreation Fees even if the Recreation Center is closed and if the pools are delayed in opening or don't open at all?

While the payment of recreation fees is still required, the District team continues to monitor and analyze the potential budgetary impact of amenity closures. We do not yet have sufficient information on fee collections, amenity closures, and event postponements/cancellations to recommend any definitive fee reductions. We do expect have more information in the months ahead and will keep the community apprised on this topic.

We appreciate all your patience and understanding during this pandemic. If you have questions or concerns, please feel free to email the Reunion Metropolitan District Manager or Assistant District Manager:

Matt Urkoski
District Manager
