

## **Message from Reunion Metropolitan District and North Range Metropolitan District Nos. 1-5**

As we continue to adjust to the unprecedented impacts of COVID-19, we are continuing our efforts to provide a means of conducting business during this period.

One of the principal means by which districts conduct business is through board meetings where all official action of the district is to take place per statute. Given the social distancing protocols to try to reduce the spread of the virus, in-person meetings are not a responsible way to conduct business.

In order to continue to have Board meetings with transparency to the public, we have implemented an online meeting platform using the Zoom product. This platform allows us to host an online meeting, which will allow Board members, consultants and the general public to attend by computer, tablet or phone. Those who connect by computer or tablet will be able to see a screen with the agenda and associated meeting packet documents just as if they were physically present. Those who connect by phone will only be able to listen. All meeting notices will continue to be posted to Reunion's website ([www.reunionco.com](http://www.reunionco.com)). In each meeting notice, there will be a link to connect to the meeting

We appreciate your understanding and will continue to take steps to assist the district to provide public services during this difficult time. If you have any questions, please contact either of the following:
