Preschool Aged Programs

Serendipity Preschool

Serendipity Preschool strives to create an environment that stimulates all developmental areas of learning, where your child can grow and develop at his or her own unique pace. We will provide a wide variety of learning experiences that will promote independence, decision-making, and awareness of the world and its possibilities.

This will be accomplished by using monthly themes that will incorporate structured group activities, constructive play, art, music, stories, exploration, and discovery.

We are committed to assisting your preschooler to develop cognitively, physically, socially, and emotionally, so that his or her learning experience is effective, fun, and a positive first experience in formal education.
